2019	 Gained people skills by processing people's transactions and providing good customer service
PROJECTS	
April 2020	Portfolio Website [Self Driven]
	Tech stack: ReactJS, Netlify (Continuous deployment), Git
	 This is one of the first projects I made public to present my skills in React JS publicly
May 2020 - ongoing	Sorting Visualizer [Self Driven]
	Tech stack: Java, Swing, Git
	 A visualizer project displaying the workings of algorithms like binary and selection sort
December 2019	React Native Calculator [Self Driven]
	 Tech stack: React Native (JS), Detox (e2e testing in progress), expo
	My first react native project that I put up on display and it helped me land a job
EDUCATION	
	Bachelor of Computing Science, Thompson Rivers University, [2016 – 2021] [Kamloops, BC]
	• GPA: 3.36
	4 th Year with Ongoing Minor in Business Management
KEY SKILLS AND CHARACTERISTICS	
 Languages – JavaScript, Python, Java, MySQL, C, CSS 	

- **Technologies/Frameworks** Git, Slack, Node.js, Bootstrap, React, React Native, OpenCV, Vision, various Oss, RESTful APIs, TypeScript, ESlint, HTML, Detox (e2e testing react native), Android (Java), firebase
- Non-Tech Software Proficient in MS Office, Audacity, Photoshop, Lightroom, Figma, Axure, Vegas pro and Premiere Pro
- Adaptability Learnt various skills and languages on the job while also researching efficient ways to complete projects
- Teamwork Have worked in various teams using both Kanban and SCRUM professionally

ACTIVITIES AND INTERESTS

I love longboarding, videogames and collecting fountain pens in my leisure time.
